Fusion for Energy (F4E) is launching an internal selection procedure for the selection of a candidate for the position of **Project Control Officer** available in the Project Management Office & Budget Unit, Project Control, Supply Chain & Finance Department.

Practical information on procedural aspects and on how to apply is described here below (selection process and submission of applications).

**We are committed to Diversity & Inclusion**

Fusion for Energy is an equal opportunities employer and takes care to avoid any form of discrimination. As part of its commitment to diversity, gender equality and geographical distribution, F4E strongly encourages applications from female candidates and applies a policy of equal opportunities. It does not discriminate against anyone on grounds of gender, race, colour, ethnic or social origin, genetic features, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability or sexual orientation.

Fusion for Energy offers measures to reconcile professional and private life and will provide reasonable adjustments at the workplace for persons with disabilities.

**Your key areas of impact**

As a member of the Project Management Office & Budget Unit (PMOB), you will report hierarchically to the Project Management Office & Budget Head of Unit. You will lead the project control activities acting as a key business partner to all the stakeholders, including the leadership team, by managing the projects and portfolio baselines, providing performance analysis and decision-support information.

<sup>1</sup> Given the needs of the organisation, the candidate may be offered a position at any of the other F4E working places.

## Internal Mobility

The Project Control function will be in mainly in charge of:

- Define, implement and maintain the F4E baselines and change process and supporting tools; ensure alignment with ITER organisation baseline changes and other F4E portfolios.
- Manage project baselines and Baseline Change Requests (BCRs) for cost, schedule, resources, budget and risks; oversee approval, escalation and documentation. Coordinate with the Project/Programme teams and Project Performance Management (PPM) team.
- Define, determine and ensure right level of accuracy, for key performance indicators governance (KPIs) for projects, programmes, portfolios and corporate levels, jointly with the responsible function for each KPI. Support variances analysis, early warnings and recommendation for corrective actions and lessons learned.
- Present F4E portfolio status updates to management and internal/external stakeholders and prepare the project control contribution to the Corporate Reports.
- Contribute to F4E portfolio management activities under the PMOB responsibilities and impact analysis for project changes, in collaboration with lead functions for cost, schedule, risk, budget and resource management.
- Support the PMOB Head of Unit in defining and coordinating the best-practice sharing across the organisation and project management community; capture feedback and lessons learned to strengthen project management culture across F4E.

### How will we evaluate your application?

#### **A Eligibility Criteria - you can apply if you are:**

Established Temporary Agents working at F4E with a regular (renewable) contract OR established EU Officials working at F4E who, at the closing date for submission of applications:

- Belong to the grade bracket mentioned under “Grade bracket”;
- Have completed a minimum of 2 years in their current post (job).

#### **B Your Qualifications and Experience**

##### **B1 It is essential that your professional history cover:**

- University degree in Engineering, Construction Management, Business or Finance, or equivalent.

**FUSION  
FOR  
ENERGY**

## Internal Mobility

- Experience of at least 5 years, acquired after the university degree, in Project Management or Project Control offices in large projects (complex projects, high value).
- At least 3 years of experience in creating reports (i.a progress report, stakeholders reports) and data analysis for external stakeholders.
- At least 3 years of experience in project controls, implementing Earned Value Management Systems and/or Project Management Key Performance Indicators.
- At least 5 years of proven experience delivering Business Intelligence solutions in an enterprise setting.

### **B2 Advantageous Selection Criteria**

In addition to the above, the following criteria will be taken into account:

- Experience in design and/or follow-up of manufacturing activities relevant to the ITER project.
- Certification in project management.
- Experience in change management.
- Working experience in European or international environment.

### **B3 Competencies**

The following competences will also be assessed:

- Demonstrated ability to communicate effectively with diverse stakeholders and to establish and maintain constructive professional working relationships.
- Proven organisational and prioritisation skills in managing multiple tasks and delivering results within deadlines.
- Strong analytical and problem-solving capability, with evidence of sound judgement applied to complex or ambiguous situations.
- Consistent delivery of accurate and high-quality outputs, demonstrating attention to detail in reporting, analysis or documentation.

### Selection process

The recruiting manager, together with a staff committee representative and additional members if deemed necessary/useful, shall be responsible for reviewing the qualifications, experience and motivation of the applicants and draw up a list of candidates who will be invited to attend an interview.

A job interview will be organised for short listed candidates deemed most suitable for the job. The candidates shall be interviewed by the responsible Head of Unit and additional member(s) from the service if deemed necessary/useful. A member of the Staff Committee will also be present in an observer capacity to ensure fair and equal treatment. As F4E staff members will have already gone through more rigorous testing at the time of their original selection, the internal selection interview will be lighter than what is typically done for external procedures.

The shortlisted candidates will not be asked to sit a written/practical test.

No reserve list will be established for this selection. You will be informed of the outcome of your application and the selected candidate will be reassigned to the new unit without any impact on their contractual conditions.

The date of effect of the reassignment will be determined so as to limit any disruption of service as much as possible. It follows that the new duties may be delayed until such time that a solution has been found to replace the employee selected through the internal mobility procedure. The replacement solution may come either through a new internal selection procedure, through the use of a reassignment in the interest of the service or of a F4E Reserve list or the launch of an external procedure.

**Please note that the selection panel's work and deliberations are strictly confidential and any contact with its members related to this selection is strictly forbidden.**

### Submission of applications
